FOR IMMEDIATE RELEASE – October 29, 2014

Bank First named one of the “Best Banks To Work For” in U.S.

American Banker Magazine and Best Companies Group released the top 40 list of **Best Banks To Work For** and ranked Bank First National as 35th overall across the United States. The list features banks who earned high marks from employees for providing a positive work environment, top-notch benefits and ample career advancement opportunities

The program, initiated in 2013, is a two-step process. The first step consisted of evaluating each participating bank’s workplace policies, practices, and demographics. This part of the process was worth approximately 25% of the total evaluation. The second part consisted of employee surveys aimed at assessing the experiences and attitudes of individual employees with respect to their workplace. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top banks and the final ranking. Best Companies Group managed the overall registration and survey process and also analyzed the data and used their expertise to determine the final rankings.
